There was discussion on how to deal with malfunctioning lighting at High School. Rick and Jim explained to those in attendance that the LED drivers in many lights have failed and must be replaced. Jim is trying to locate suitable divers to replace the bad ones, which are no longer available.

Grant and other items were updated provided by Conor McCormack

1. We are expecting \$93,006 from the second half of the 2022 Green Community Grant. It will be spent as follows: \$82,000 for High School lighting and \$71,000 for upgrades to sewer pumping station.
2. Submitted Gap III grant for EV charging stations
3. Vehicle Charging Stations- Charge Point charging stations are undergoing upgrades. Looking for how Town wants to upgrade them. Jim Dunn explained how Federal funding could affect these units. Jim will research which charges will be best for Town..

Rick gave update of Shaw School project, and indicated that everything is ready for start of new school year. Some items maybe delayed, but will not affect the school operation.

Motion was made to adjourn at 10:39 AM by Jim Dunn. Seconded by Jeff Dore. So voted 5-0.
